My dear Mrs. Manley:

We are immediately reserving sufficient triple X material in color white to take care of the uniforms wanted by you. Because of the scarcity of materials we would not want to chance any error in regard to sizes so we think it best for you to tell us if you want these exactly the same sizes as supplied for the gray suits we shipped on April 28th, and then in addition one suit size 50. This would be 2/38, 3/40, 5/42, 4/44, 2/46, 1/50. We did not supply white suits this year so we would not have any order to copy for sizes and is why we are referring to the order for gray suits.

You can have navy blue script lettering. Would you want - Eagles - the same as we previously supplied. Also we can supply the numerals as wanted by you.

These suits can be trimmed if you would like us to do so. A number of teams take a soutache trim around the neck, down the pleat and on sleeve ends. Please advise if you want this trim.

It is understood you want 2 piece suits, - no caps, belts or hose.

Suits of this kind should be entrusted to the best cleaners. You know what can happen - even in pressing - if they release too much steam and the operator is not experienced your clothes come back all out of shape. Almost every one has had this experience in these times as cleaners have carried a terrific load. People have have garments cleaned that they used to discard and war workers have needed so much in the way of clean overalls and garments that this industry has been weighed down with work and a shortage of trained operators. It is too bad your white suits got caught in the mess.

Let me know at once about the sizes.

Cordially yours,

W. L. Robb
